

ISV 2026 Pre-Congress Satellite Workshop

October 11, 2026

Antwerp

From Outbreak to Readiness: Vaccines, Manufacturing, and Global Preparedness
in the context of the current Ebola BDBV outbreak

Co-organized by

The International Vaccines Institute, Korea

and

Eva Therapeutics, USA

and

National Research Council, Canada

Timing options (11:00 - 17:45)

Time	Subject	Presenter
11:00-12:00	Eva Therapeutics Special Session AI and HI for designing, testing and producing vaccines for LMIC	Anne De Groot
Lunch: Noon to 13:00 - sponsored by Eva Therapeutics		
Special workshop on Ebola BDBV outbreak		
Time	Subject	Presenter
13:00 – 13:10	Welcome, Opening Remarks and Workshop Objectives	• Manon Cox (President of ISV) • Lakshmi Krishnan (Vice President, Life Sciences, NRC) • In-Kyu Yoon (Deputy Director General, IVI)

13:10 – 13: 30	Keynote Speaker Ebola Bundibugyo outbreak – current status	WHO Blueprint Team (TBD) Invited Vasee Moorthy (TBD)
13: 30 – 13:50	CEPI – Vaccine Readiness Plan	Katrin Ramsauer (confirmed)
Session I (14:00 – 15:00 hr): Current Outbreak on the ground Response		
Time	Subject	Presenter
14:00 – 14:15	Regional Vaccine manufacturing readiness	Nicase Ndembe (Confirmed) ACHIEVE
14:15 – 14:30	Filovirus CORC/DRC speaker? Or MSF?	Contacted (TBC)
Session II : Bio-Medical Countermeasures Preparedness		
Time	Subject	Presenter
14:30-14:45	Biomedical Countermeasures Initiative – BDBV responsiveness	Rhonda KuoLee (National Research council Canada) - confirmed
14:45-15:00	Evaluating the protection and cross-protection of recombinant vesicular stomatitis virus-vectored orthoebolavirus vaccines in animal models	Logan Banadyga (National Microbiology Labs, Canada)-confirmed
15:00-15:15	IVI – title TBD (place holder)	In-Kyu Yoon (Deputy Director General, IVI)
BREAK 15:15– 15:30		
Session II (15:30 – 16: 30): BDBV Vaccine Approaches		
15:30-15:50	VSV Platform (IAVI/PHV)	Kay Hunsberger, Merck/IAVI/ (Invited, TBC) Joan Fusco (PHV, Invited TBC)

15:50-16:10	mRNA platform	Moderna (Invited TBC)
16:10-16:30	Adenovirus platform	Tess Lambe (TBC)
Session III (16:30–17:30): Vaccine Manufacturing, & Regional Efforts		
Time	Subject	Presenter
16:30- 16:45	Hilleman (VSV manufacturing)	Ali Alouèche (Confirmed)
16:45-17:00	Bharat Biotech – Manufacturing and vaccine responsiveness (title TBD)	Badri Narayan Patnaik (Bharat Biotech – confirmed)
17:00-17:15	CanSino Biologics - Ad5-EBOV to Ad5-BDBV: platform conversion and biomanufacturing readiness for filovirus outbreak preparedness	Chunlin Xin (CanSino Biologics) - confirmed
17:15- 17:30	Institut Pasteur Dakar	Amadou Sall (Invited, TBD)
17:30-17:45	Closing Remarks	NRC and IVI
